

[별표 30] 격리그룹 물질 개별 품명

1. 산류 (SGG1)

| 국제연합번호 | 품 명                                                     |
|--------|---------------------------------------------------------|
| 1052   | Hydrogen fluoride, anhydrous                            |
| 1182   | Ethyl chloroformate                                     |
| 1183   | Ethyldichlorosilane                                     |
| 1238   | Methyl chloroformate                                    |
| 1242   | Methyldichlorosilane                                    |
| 1250   | Methyltrichlorosilane                                   |
| 1295   | Trichlorosilane                                         |
| 1298   | Trimethylchlorosilane                                   |
| 1305   | Vinyltrichlorosilane                                    |
| 1572   | Cacodylic acid                                          |
| 1595   | Dimethyl sulphate                                       |
| 1715   | Acetic anhydride                                        |
| 1716   | Acetyl bromide                                          |
| 1717   | Acetyl chloride                                         |
| 1718   | Butyl acid phosphate                                    |
| 1722   | Allyl chloroformate                                     |
| 1723   | Allyl iodide                                            |
| 1724   | Allyltrichlorosilane, stabilized                        |
| 1725   | Aluminium bromide, anhydrous                            |
| 1726   | Aluminium chloride, anhydrous                           |
| 1727   | Ammonium hydrogendifluoride, solid                      |
| 1728   | Amyltrichlorosilane                                     |
| 1729   | Anisoyl chloride                                        |
| 1730   | Antimony pentachloride, liquid                          |
| 1731   | Antimony pentachloride solution                         |
| 1732   | Antimony pentafluoride                                  |
| 1733   | Antimony trichloride                                    |
| 1736   | Benzoyl chloride                                        |
| 1737   | Benzyl bromide                                          |
| 1738   | Benzyl chloride                                         |
| 1739   | Benzyl chloroformate                                    |
| 1740   | Hydrogendifluorides, n.o.s.                             |
| 1742   | Boron trifluoride acetic acid complex, liquid           |
| 1743   | Boron trifluoride propionic acid complex, liquid        |
| 1744   | Bromine or bromine solution                             |
| 1745   | Bromine pentafluoride                                   |
| 1746   | Bromine trifluoride                                     |
| 1747   | Butyltrichlorosilane                                    |
| 1750   | Chloroacetic acid solution                              |
| 1751   | Chloroacetic acid, solid                                |
| 1752   | Chloroacetyl chloride                                   |
| 1753   | Chlorophenyltrichlorosilane                             |
| 1754   | Chlorosulphonic acid (with or without sulphur trioxide) |
| 1755   | Chromic acid solution                                   |
| 1756   | Chromic fluoride, solid                                 |
| 1757   | Chromic fluoride solution                               |
| 1758   | Chromium oxychloride                                    |
| 1762   | Cyclohexenyltrichlorosilane                             |
| 1763   | Cyclohexyltrichlorosilane                               |
| 1764   | Dichloroacetic acid                                     |
| 1765   | Dichloroacetyl chloride                                 |
| 1766   | Dichlorophenyltrichlorosilane                           |
| 1767   | Diethyldichlorosilane                                   |
| 1768   | Difluorophosphoric acid, anhydrous                      |
| 1769   | Diphenyldichlorosilane                                  |
| 1770   | Diphenylmethyl bromide                                  |
| 1771   | Dodecyltrichlorosilane                                  |
| 1773   | Ferric chloride, anhydrous                              |
| 1775   | Fluoroboric acid                                        |
| 1776   | Fluorophosphoric acid, anhydrous                        |
| 1777   | Fluorosulphonic acid                                    |
| 1778   | Fluorosilicic acid                                      |
| 1779   | Formic acid with more than 85% acid by mass             |
| 1780   | Fumaryl chloride                                        |

|      |                                                                        |
|------|------------------------------------------------------------------------|
| 1781 | Hexadecyltrichlorosilane                                               |
| 1782 | Hexafluorophosphoric acid                                              |
| 1784 | Hexyltrichlorosilane                                                   |
| 1786 | Hydrofluoric acid and sulphuric acid mixture                           |
| 1787 | Hydriodic acid                                                         |
| 1788 | Hydrobromic acid                                                       |
| 1789 | Hydrochloric acid                                                      |
| 1790 | Hydrofluoric acid                                                      |
| 1792 | Iodine monochloride, solid                                             |
| 1793 | Isopropyl acid phosphate                                               |
| 1794 | Lead sulphate with more than 3% free acid                              |
| 1796 | Nitrating acid mixture                                                 |
| 1798 | Nitrohydrochloric acid                                                 |
| 1799 | Nonyltrichlorosilane                                                   |
| 1800 | Octadecyltrichlorosilane                                               |
| 1801 | Octyltrichlorosilane                                                   |
| 1802 | Perchloric acid with not more than 50% acid, by mass                   |
| 1803 | Phenolsulphonic acid, liquid                                           |
| 1804 | Phenyltrichlorosilane                                                  |
| 1805 | Phosphoric acid, solution                                              |
| 1806 | Phosphorus pentachloride                                               |
| 1807 | Phosphorus pentoxide                                                   |
| 1808 | Phosphorus tribromide                                                  |
| 1809 | Phosphorus trichloride                                                 |
| 1810 | Phosphorus oxychloride                                                 |
| 1811 | Potassium hydrogen difluoride, solid                                   |
| 1815 | Propionyl chloride                                                     |
| 1816 | Propyltrichlorosilane                                                  |
| 1817 | Pyrosulphuryl chloride                                                 |
| 1818 | Silicon tetrachloride                                                  |
| 1826 | Nitrating acid mixture, spent                                          |
| 1827 | Stannic chloride, anhydrous                                            |
| 1828 | Sulphur chlorides                                                      |
| 1829 | Sulphur trioxide, inhibited or sulphur trioxide, stabilized            |
| 1830 | Sulphuric acid with more than 51% acid                                 |
| 1831 | Sulphuric acid, fuming                                                 |
| 1832 | Sulphuric acid, spent                                                  |
| 1833 | Sulphurous acid                                                        |
| 1834 | Sulphuryl chloride                                                     |
| 1836 | Thionyl chloride                                                       |
| 1837 | Thiophosphoryl chloride                                                |
| 1838 | Titanium tetrachloride                                                 |
| 1839 | Trichloroacetic acid                                                   |
| 1840 | Zinc chloride solution                                                 |
| 1848 | Propionic acid with not less than 10% and less than 90% acid, by mass  |
| 1873 | Perchloric acid with more than 50% but not more than 72% acid, by mass |
| 1898 | Acetyl iodide                                                          |
| 1902 | Diisooctyl acid phosphate                                              |
| 1905 | Selenic acid                                                           |
| 1906 | Sludge acid                                                            |
| 1938 | Bromoacetic acid solution                                              |
| 1939 | Phosphorus oxybromide                                                  |
| 1940 | Thioglycolic acid                                                      |
| 2031 | Nitric acid, other than red fuming                                     |
| 2032 | Nitric acid, red fuming                                                |
| 2214 | Phthalic anhydride with more than 0.05% of maleic anhydride            |
| 2215 | Maleic anhydride                                                       |
| 2218 | Acrylic acid, inhibited                                                |
| 2225 | Benzenesulphonyl chloride                                              |
| 2226 | Benzotrichloride                                                       |
| 2240 | Chromosulphuric acid                                                   |
| 2262 | Dimethylcarbamoyl chloride                                             |
| 2267 | Dimethyl thiophosphoryl chloride                                       |
| 2305 | Nitrobenzenesulphonic acid                                             |
| 2308 | Nitrosylsulphuric acid, liquid                                         |
| 2331 | Zinc chloride, anhydrous                                               |
| 2353 | Butyryl chloride                                                       |
| 2395 | Isobutyryl chloride                                                    |
| 2407 | Isopropyl chloroformate                                                |

|      |                                                                                                       |
|------|-------------------------------------------------------------------------------------------------------|
| 2434 | Dibenzylchlorosilane                                                                                  |
| 2435 | Ethylphenyldichlorosilane                                                                             |
| 2437 | Methylphenyldichlorosilane                                                                            |
| 2438 | Trimethylacetyl chloride                                                                              |
| 2439 | Sodium hydrogendifluoride                                                                             |
| 2440 | Stannic chloride pentahydrate                                                                         |
| 2442 | Trichloroacetyl chloride                                                                              |
| 2443 | Vanadium oxytrichloride                                                                               |
| 2444 | Vanadium tetrachloride                                                                                |
| 2475 | Vanadium trichloride                                                                                  |
| 2495 | Iodine pentafluoride                                                                                  |
| 2496 | Propionic anhydride                                                                                   |
| 2502 | Valeryl chloride                                                                                      |
| 2503 | Zirconium tetrachloride                                                                               |
| 2506 | Ammonium hydrogen sulphate                                                                            |
| 2507 | Chloroplatinic acid, solid                                                                            |
| 2508 | Molybdenum pentachloride                                                                              |
| 2509 | Potassium hydrogen sulphate                                                                           |
| 2511 | 2-Chloropropionic acid                                                                                |
| 2513 | Bromoacetyl bromide                                                                                   |
| 2531 | Methacrylic acid, stabilized                                                                          |
| 2564 | Trichloroacetic acid solution                                                                         |
| 2571 | Alkylsulphuric acids                                                                                  |
| 2576 | Phosphorus oxybromide, molten                                                                         |
| 2577 | Phenylacetyl chloride                                                                                 |
| 2578 | Phosphorus trioxide                                                                                   |
| 2580 | Aluminium bromide solution                                                                            |
| 2581 | Aluminium chloride solution                                                                           |
| 2582 | Ferric chloride solution                                                                              |
| 2583 | Alkylsulphonic acids, solid or arylsulphonic acids, solid with more than 5% free sulphuric acid       |
| 2584 | Alkylsulphonic acids, liquid or arylsulphonic acids, liquid with more than 5% free sulphuric acid     |
| 2585 | Alkylsulphonic acids, solid or arylsulphonic acids, solid with not more than 5% free sulphuric acid   |
| 2586 | Alkylsulphonic acids, liquid or arylsulphonic acids, liquid with not more than 5% free sulphuric acid |
| 2604 | Boron trifluoride diethyl etherate                                                                    |
| 2626 | Chloric acid, aqueous solution with not more than 10% chloric acid                                    |
| 2642 | Fluoroacetic acid                                                                                     |
| 2670 | Cyanuric chloride                                                                                     |
| 2691 | Phosphorus pentabromide                                                                               |
| 2692 | Boron tribromide                                                                                      |
| 2698 | Tetrahydrophthalic anhydrides with more than 0.05% maleic anhydride                                   |
| 2699 | Trifluoroacetic acid                                                                                  |
| 2739 | Butyric anhydride                                                                                     |
| 2740 | Propyl chloroformate                                                                                  |
| 2742 | Chloroformates, toxic, corrosive, flammable, n.o.s.                                                   |
| 2743 | n-Butyl chloroformate                                                                                 |
| 2744 | Cyclobutyl chloroformate                                                                              |
| 2745 | Chloromethyl chloroformate                                                                            |
| 2746 | Phenyl chloroformate                                                                                  |
| 2748 | 2-Ethylhexyl chloroformate                                                                            |
| 2751 | Diethylthiophosphoryl chloride                                                                        |
| 2789 | Acetic acid, glacial or acetic acid solution, more than 80% acid, by mass                             |
| 2790 | Acetic acid solution, more than 10% but not more than 80% acid, by mass                               |
| 2794 | Batteries, wet, filled with acid electric storage                                                     |
| 2796 | Sulphuric acid with not more than 51% acid or battery fluid, acid                                     |
| 2798 | Phenylphosphorus dichloride                                                                           |
| 2799 | Phenylphosphorus thiodichloride                                                                       |
| 2802 | Copper chloride                                                                                       |
| 2817 | Ammonium hydrogendifluoride solution                                                                  |
| 2819 | Amyl acid phosphate                                                                                   |
| 2820 | Butyric acid                                                                                          |
| 2823 | Crotonic acid, solid                                                                                  |
| 2826 | Ethyl chlorothioformate                                                                               |
| 2829 | Caproic acid                                                                                          |
| 2834 | Phosphorous acid                                                                                      |
| 2851 | Boron trifluoride dihydrate                                                                           |

|      |                                                                       |
|------|-----------------------------------------------------------------------|
| 2865 | Hydroxylamine sulphate                                                |
| 2869 | Titanium trichloride mixture                                          |
| 2879 | Selenium oxychloride                                                  |
| 2967 | Sulphamic acid                                                        |
| 2985 | Chlorosilanes, flammable, corrosive, n.o.s.                           |
| 2986 | Chlorosilanes, corrosive, flammable, n.o.s.                           |
| 2987 | Chlorosilanes, corrosive, n.o.s.                                      |
| 2988 | Chlorosilanes, water-reactive, flammable, corrosive, n.o.s.           |
| 3246 | Methanesulphonyl chloride                                             |
| 3250 | Chloroacetic acid, molten                                             |
| 3260 | Corrosive solid, acidic, inorganic, n.o.s.                            |
| 3261 | Corrosive solid, acidic, organic, n.o.s.                              |
| 3264 | Corrosive liquid, acidic, inorganic, n.o.s.                           |
| 3265 | Corrosive liquid, acidic, organic, n.o.s.                             |
| 3277 | Chloroformates, toxic, corrosive, n.o.s.                              |
| 3361 | Chlorosilanes, toxic, corrosive, n.o.s.                               |
| 3362 | Chlorosilanes, toxic, corrosive, flammable, n.o.s.                    |
| 3412 | Formic acid with not less than 10% but not more than 85% acid by mass |
| 3412 | Formic acid with not less than 5% but not more than 10% acid by mass  |
| 3419 | Boron trifluoride acetic acid complex, solid                          |
| 3420 | Boron trifluoride propionic acid complex, solid                       |
| 3421 | Potassium hydrogendifluoride solution                                 |
| 3425 | Bromoacetic acid, solid                                               |
| 3453 | Phosphoric acid, solid                                                |
| 3456 | Nitrosylsulphuric acid, solid                                         |
| 3463 | Propionic acid with not less than 90% acid by mass                    |
| 3472 | Crotonic acid, liquid                                                 |
| 3498 | Iodine monochloride, liquid                                           |

## 2. 암모늄 화합물 (SGG2)

| 국제연합번호 | 품 명                                                                                                                   |
|--------|-----------------------------------------------------------------------------------------------------------------------|
| 0004   | Ammonium picrate dry or wetted with less than 10% water, by mass                                                      |
| 0222   | Ammonium nitrate, with more than 0.2% combustible substances                                                          |
| 0402   | Ammonium perchlorate                                                                                                  |
| 1310   | Ammonium picrate wetted with not less than 10% water, by mass                                                         |
| 1439   | Ammonium dichromate                                                                                                   |
| 1442   | Ammonium perchlorate                                                                                                  |
| 1444   | Ammonium persulphate                                                                                                  |
| 1512   | Zinc ammonium nitrite                                                                                                 |
| 1546   | Ammonium arsenate                                                                                                     |
| 1630   | Mercury ammonium chloride                                                                                             |
| 1727   | Ammonium hydrogendifluoride, solid                                                                                    |
| 1835   | Tetramethylammonium hydroxide solution with more than 2.5% but less than 25% tetramethylammonium hydroxide            |
| 1835   | Tetramethylammonium hydroxide aqueous solution with not more than 2.5% tetramethylammonium hydroxide                  |
| 1843   | Ammonium dinitro-o-cresolate, solid                                                                                   |
| 1942   | Ammonium nitrate with not more than 0.2% combustible substances                                                       |
| 2067   | Ammonium nitrate based fertilizer                                                                                     |
| 2071   | Ammonium nitrate based fertilizer                                                                                     |
| 2073   | Ammonia solution, relative density less than 0.880 at 15°C in water, with more than 35% but not more than 50% ammonia |
| 2426   | Ammonium nitrate, liquid (hot concentrated solution)                                                                  |
| 2505   | Ammonium fluoride                                                                                                     |
| 2506   | Ammonium hydrogen sulphate                                                                                            |
| 2683   | Ammonium sulphide solution                                                                                            |
| 2687   | Dicyclohexylammonium nitrite                                                                                          |
| 2817   | Ammonium hydrogendifluoride solution                                                                                  |
| 2818   | Ammonium polysulphide solution                                                                                        |
| 2854   | Ammonium fluorosilicate                                                                                               |
| 2859   | Ammonium metavanadate                                                                                                 |
| 2861   | Ammonium polyvanadate                                                                                                 |

|      |                                                                                                     |
|------|-----------------------------------------------------------------------------------------------------|
| 2863 | Sodium ammonium vanadate                                                                            |
| 3375 | Ammonium nitrate emulsion or suspension or gel intermediate for blasting explosives                 |
| 3423 | Tetramethylammonium hydroxide, solid                                                                |
| 3424 | Ammonium dinitro-o-cresolate solution                                                               |
| 3560 | Tetramethylammonium hydroxide aqueous solution with not less than 25% tetramethylammonium hydroxide |

### 3. 브로민산염류 (SGG3)

| 국제연합번호 | 품 명                                           |
|--------|-----------------------------------------------|
| 1450   | Bromates, inorganic, n.o.s.                   |
| 1473   | Magnesium bromate                             |
| 1484   | Potassium bromate                             |
| 1494   | Sodium bromate                                |
| 2469   | Zinc bromate                                  |
| 2719   | Barium bromate                                |
| 3213   | Bromates, inorganic, aqueous solution, n.o.s. |

### 4. 염소산염류 (SGG4)

| 국제연합번호 | 품 명                                              |
|--------|--------------------------------------------------|
| 1445   | Barium chlorate, solid                           |
| 1452   | Calcium chlorate                                 |
| 1458   | Chlorate and borate mixture                      |
| 1459   | Chlorate and magnesium chloride mixture, solid   |
| 1461   | Chlorates, inorganic, n.o.s.                     |
| 1485   | Potassium chlorate                               |
| 1495   | Sodium chlorate                                  |
| 1506   | Strontium chlorate                               |
| 1513   | Zinc chlorate                                    |
| 2427   | Potassium chlorate, aqueous solution             |
| 2428   | Sodium chlorate, aqueous solution                |
| 2429   | Calcium chlorate, aqueous solution               |
| 2573   | Thallium chlorate                                |
| 2721   | Copper chlorate                                  |
| 2723   | Magnesium chlorate                               |
| 3405   | Barium chlorate solution                         |
| 3407   | Chlorate and magnesium chloride mixture solution |

### 5. 아염소산염류 (SGG5)

| 국제연합번호 | 품 명                          |
|--------|------------------------------|
| 1453   | Calcium chlorite             |
| 1462   | Chlorites, inorganic, n.o.s. |
| 1496   | Sodium chlorite              |
| 1908   | Chlorite solution            |

### 6. 사이안화물 (SGG6)

| 국제연합번호 | 품 명                                |
|--------|------------------------------------|
| 1541   | Acetone cyanhydrin, stabilized     |
| 1565   | Barium cyanide                     |
| 1575   | Calcium cyanide                    |
| 1587   | Copper cyanide                     |
| 1588   | Cyanides, inorganic, solid, n.o.s. |
| 1620   | Lead cyanide                       |
| 1626   | Mercuric potassium cyanide         |
| 1636   | Mercury cyanide                    |
| 1642   | Mercury oxycyanide, desensitized   |
| 1653   | Nickel cyanide                     |
| 1679   | Potassium cuprocyanide             |
| 1680   | Potassium cyanide, solid           |
| 1684   | Silver cyanide                     |
| 1689   | Sodium cyanide, solid              |
| 1694   | Bromobenzyl cyanides, liquid       |
| 1713   | Zinc cyanide                       |
| 1889   | Cyanogen bromide                   |
| 1935   | Cyanide solution, n.o.s.           |

|      |                              |
|------|------------------------------|
| 2205 | Adiponitrile                 |
| 2316 | Sodium cuprocyanide, solid   |
| 2317 | Sodium cuprocyanide solution |
| 3413 | Potassium cyanide solution   |
| 3414 | Sodium cyanide solution      |
| 3449 | Bromobenzyl cyanides, solid  |

7. 중금속 및 그 염류 (SGG7)

| 국제연합번호 | 품 명                                                                                                                      |
|--------|--------------------------------------------------------------------------------------------------------------------------|
| 0129   | Lead azide, wetted, with not less than 20% water, or mixture of alcohol and water, by mass                               |
| 0130   | Lead styphnate (lead trinitroresorcinate), wetted with not less than 20% water, or mixture of alcohol and water, by mass |
| 0135   | Mercury fulminate, wetted with not less than 20% water, or mixture of alcohol and water, by mass                         |
| 1347   | Silver picrate, wetted with not less than 30% water, by mass                                                             |
| 1389   | Alkali metal amalgam, liquid                                                                                             |
| 1392   | Alkaline earth metal amalgam, liquid                                                                                     |
| 1435   | Zinc ashes                                                                                                               |
| 1436   | Zinc dust or zinc powder                                                                                                 |
| 1469   | Lead nitrate                                                                                                             |
| 1470   | Lead perchlorate, solid                                                                                                  |
| 1493   | Silver nitrate                                                                                                           |
| 1512   | Zinc ammonium nitrite                                                                                                    |
| 1513   | Zinc chlorate                                                                                                            |
| 1514   | Zinc nitrate                                                                                                             |
| 1515   | Zinc permanganate                                                                                                        |
| 1516   | Zinc peroxide                                                                                                            |
| 1587   | Copper cyanide                                                                                                           |
| 1616   | Lead acetate                                                                                                             |
| 1617   | Lead arsenates                                                                                                           |
| 1618   | Lead arsenites                                                                                                           |
| 1620   | Lead cyanide                                                                                                             |
| 1623   | Mercuric arsenate                                                                                                        |
| 1624   | Mercuric chloride                                                                                                        |
| 1625   | Mercuric nitrate                                                                                                         |
| 1626   | Mercuric potassium cyanide                                                                                               |
| 1627   | Mercurous nitrate                                                                                                        |
| 1629   | Mercury acetate                                                                                                          |
| 1630   | Mercury ammonium chloride                                                                                                |
| 1631   | Mercury benzoate                                                                                                         |
| 1634   | Mercury bromides                                                                                                         |
| 1636   | Mercury cyanide                                                                                                          |
| 1637   | Mercury gluconate                                                                                                        |
| 1638   | Mercury iodide                                                                                                           |

| 1624 | Mercuric chloride                                 |
| 1625 | Mercuric nitrate                                  |
| 1626 | Mercuric potassium cyanide                        |
| 1627 | Mercurous nitrate                                 |
| 1629 | Mercury acetate                                   |
| 1630 | Mercury ammonium chloride                         |
| 1631 | Mercury benzoate                                  |
| 1634 | Mercury bromides                                  |
| 1636 | Mercury cyanide                                   |
| 1637 | Mercury gluconate                                 |
| 1638 | Mercury iodide                                    |
| 1639 | Mercury nucleate                                  |
| 1640 | Mercury oleate                                    |
| 1641 | Mercury oxide                                     |
| 1642 | Mercury oxycyanide, desensitized                  |
| 1643 | Mercury potassium iodide                          |
| 1644 | Mercury salicylate                                |
| 1645 | Mercury sulphate                                  |
| 1646 | Mercury thiocyanate                               |
| 1894 | Phenylmercuric hydroxide                          |
| 1895 | Phenylmercuric nitrate                            |
| 2024 | Mercury compound, liquid, n.o.s.                  |
| 2025 | Mercury compound, solid, n.o.s.                   |
| 2026 | Phenylmercuric compound, n.o.s.                   |
| 2777 | Mercury based pesticide, solid, toxic             |
| 2778 | Mercury based pesticide, liquid, flammable, toxic |
| 2809 | Mercury                                           |
| 3011 | Mercury based pesticide, liquid, toxic, flammable |
| 3012 | Mercury based pesticide, liquid, toxic            |
| 3401 | Alkali metal amalgam, solid                       |
| 3402 | Alkaline earth metal amalgam, solid               |

#### 12. 아질산염류 및 그 혼합물 (SGG12)

| 국제연합번호 | 품 명                                           |
|--------|-----------------------------------------------|
| 1487   | Potassium nitrate and sodium nitrite mixture  |
| 1488   | Potassium nitrite                             |
| 1500   | Sodium nitrite                                |
| 1512   | Zinc ammonium nitrite                         |
| 2627   | Nitrites, inorganic, n.o.s.                   |
| 2726   | Nickel nitrite                                |
| 3219   | Nitrites, inorganic, aqueous solution, n.o.s. |

#### 13. 과염소산염류 (SGG13)

| 국제연합번호 | 품 명                                               |
|--------|---------------------------------------------------|
| 1442   | Ammonium perchlorate                              |
| 1447   | Barium perchlorate, solid                         |
| 1455   | Calcium perchlorate                               |
| 1470   | Lead perchlorate, solid                           |
| 1475   | Magnesium perchlorate                             |
| 1481   | Perchlorates, inorganic, n.o.s.                   |
| 1489   | Potassium perchlorate                             |
| 1502   | Sodium perchlorate                                |
| 1508   | Strontium perchlorate                             |
| 3211   | Perchlorates, inorganic, aqueous solution, n.o.s. |
| 3406   | Barium perchlorate solution                       |
| 3408   | Lead perchlorate solution                         |

#### 14. 과망가니즈산염류 (SGG14)

| 국제연합번호 | 품 명                                                |
|--------|----------------------------------------------------|
| 1448   | Barium permanganate                                |
| 1456   | Calcium permanganate                               |
| 1482   | Permanganates, inorganic, n.o.s.                   |
| 1490   | Potassium permanganate                             |
| 1503   | Sodium permanganate                                |
| 1515   | Zinc permanganate                                  |
| 3214   | Permanganates, inorganic, aqueous solution, n.o.s. |

15. 금속분말류 (SGG15)

| 국제연합번호 | 품 명                                                                 |
|--------|---------------------------------------------------------------------|
| 1309   | Aluminium powder, coated                                            |
| 1326   | Hafnium powder, wetted with not less than 25% water                 |
| 1352   | Titanium powder, wetted with not less than 25% water                |
| 1358   | Zirconium powder, wetted with not less than 25% water               |
| 1383   | Pyrophoric alloy or pyrophoric metal, n.o.s.                        |
| 1396   | Aluminium powder, uncoated                                          |
| 1398   | Aluminium silicon powder, uncoated                                  |
| 1418   | Magnesium powder or magnesium alloys powder                         |
| 1435   | Zinc ashes                                                          |
| 1436   | Zinc dust or zinc powder                                            |
| 1854   | Barium alloys, pyrophoric                                           |
| 2008   | Zirconium powder, dry                                               |
| 2009   | Zirconium, dry, sheets, strip or coiled wire                        |
| 2545   | Hafnium powder, dry                                                 |
| 2546   | Titanium powder, dry                                                |
| 2878   | Titanium sponge powders                                             |
| 2881   | Metal catalyst, dry                                                 |
| 2950   | Magnesium granules, coated, particle size not less than 149 microns |
| 3078   | Cerium, turnings or gritty powder                                   |
| 3089   | Metal powder, flammable, n.o.s.                                     |
| 3170   | Aluminium smelting by-products or aluminium remelting by-products   |
| 3189   | Metal powder, self-heating, n.o.s.                                  |

16. 과산화물 (SGG16)

| 국제연합번호 | 품 명                                             |
|--------|-------------------------------------------------|
| 1449   | Barium peroxide                                 |
| 1457   | Calcium peroxide                                |
| 1472   | Lithium peroxide                                |
| 1476   | Magnesium peroxide                              |
| 1483   | Peroxides, inorganic, n.o.s.                    |
| 1491   | Potassium peroxide                              |
| 1504   | Sodium peroxide                                 |
| 1509   | Strontium peroxide                              |
| 1516   | Zinc peroxide                                   |
| 2014   | Hydrogen peroxide, aqueous solution, 20-60%     |
| 2015   | Hydrogen peroxide, aqueous solution, stabilized |
| 2466   | Potassium superoxide                            |
| 2547   | Sodium superoxide                               |
| 3149   | Hydrogen peroxide and peroxyacetic acid mixture |
| 3377   | Sodium perborate monohydrate                    |
| 3378   | Sodium carbonate peroxyhydrate                  |

17. 아자이드화물 (SGG17)

| 국제연합번호 | 품 명                                                                                       |
|--------|-------------------------------------------------------------------------------------------|
| 0129   | Lead azide, wetted with not less than 20% water, or mixture of alcohol and water, by mass |
| 0224   | Barium azide, dry or wetted with less than 50% water, by mass                             |
| 1571   | Barium azide, wetted with not less than 50% water, by mass                                |
| 1687   | Sodium azide                                                                              |

18. 알칼리류 (SGG18)

| 국제연합번호 | 품 명                                                                                             |
|--------|-------------------------------------------------------------------------------------------------|
| 1005   | Ammonia, anhydrous                                                                              |
| 1160   | Dimethylamine, aqueous solution                                                                 |
| 1163   | Dimethylhydrazine, unsymmetrical                                                                |
