

Agreement on the Deposit of Pathogen Resources

「Act on the Promotion of Collection, Management, and Utilization of Pathogen Resources」 Article 12, Paragraph 1, in accordance with Article 9, Paragraph 4 of the implementing ordinance of the same Act, the following agreement is made regarding the deposit of pathogen resources.

Application No.						
Depositor	Name		Institution and department		Tel. Mobile E-mail	

Application contents			
Type of deposit	☐ General deposit ☐ Deposit of research development results		
Date of deposit	yyyy.mm.dd		
Deposit content	Serial No.	Name of deposit resource	Management number of institution
Agreement contents	1. The depositor agrees to the deposit of the pathogen resources recorded above to the bank in agreement and faithfully provides the pathogen resources and related data as required for the deposit process by your bank. 2. The bank in accordance with the agreement, evaluates the deposit according to Article 9, Paragraph 1 of the implementing ordinance and Article 3 of the enforcement regulation of the Act on Pathogen Resources and takes measures such as denial of the deposit request for re-deposit and discarding the deposit based on the evaluation result and notifies the depositor about the result in writing. 3. The authority to cultivate, analyze, preserve, and distribute (excluding commercial purposes such as product development) is vested in the bank in agreement. 4. The depositor warrants that the above pathogen resources do not violate the laws of the Republic of Korea and international treaties and do not infringe on the intellectual property rights or other rights of third parties. 5. In the event of the acquisition of additional information about the deposited pathogen resources, the depositor and the bank in agreement share the relevant information. 6. Regarding the acquisition of intellectual property rights or the relationship of devolvement of other rights in terms of the output produced by the utilization of the deposited pathogen resources, the depositor and the bank in agreement shall make decisions through prior consulting. 7. In the event of the emergence of profit from the utilization of pathogen resources, the decisions are made through consultations between the depositor and the bank in agreement. 8. The characteristics of the deposited pathogen resource may change due to reasons such as mutation or death, and if the deposited pathogen resources cannot be distributed due to such reasons, the agreement between the distributor and the bank in agreement regarding the deposit of the resource is terminated. 9. In case items that are not specified in this agreement are added, the distributor and the bank in agreement will make a joint decision and document it on this written agreement and abide by what they have agreed. 10. We agree on the above matters and promise that the parties below shall discuss and make decisions based on their interpretations of the matters except those presented above or those related to changes in the content of this agreement. ※ The decision to make changes to specific contents in this agreement shall be decided and documented following consultations between the bank and the depositor.
