

Pledge of Confidentiality

I, [Name], as a Postdoctoral Fellow of the National Institute of Health (NIH), agree to comply with the following confidentiality measures:

1. I shall not disclose or otherwise misuse confidential information obtained during the performance of my duties at NIH and uphold this obligation after its termination.
2. I shall adhere to all applicable laws, regulations, and directives issued by my Principle Investigator (PI) that are relevant to my duties.
3. I shall not disclose or leak any work-related data to third parties without prior authorization, and I shall ensure that all confidential information remains secure.
4. If any issues arise regarding the security or confidentiality of the information during the performance of my duties, I shall immediately report them to my supervisor and follow their instructions.

I shall faithfully perform my duties and obligations as stated above, and shall be solely responsible for any problems arising from my own mistake or fault.
