

Pledge for Security

1. In the undersigned person, shall hereby take an oath to observe the following contents stipulated in the employment contract, as I have been hired by and work for NICS.

A. Rights and obligations relating to intellectual property rights

- All rights to intellectual property rights that are created under the employment contract with NICS shall belong to NICS.
- ※ This excludes intellectual property rights (not required to be transferred) specified on the back cover of the employment contract.

B. Confidentiality obligation

- Without the express approval of NICS, I shall not divulge to any third party any confidential information acquired from NICS not only during my employment but after retiring from NICS.

C. Ban on leakage of technical information

- Not only during my employment, but also within two years of my retirement, if I intend to file (report) a patent application for intellectual property rights to work created or generated by me during my employment with NICS, I shall obtain prior approval from NICS.
- Without the prior approval of NICS, I shall not possess or divulge any information, including designs and blueprints, pertaining to work performed at NICS.

2. Upon my retirement retire from NICS, or in the event that NICS requests that I retire from employment with NICS, I shall take an oath to immediately return all patents, technical information data, and system tools to NICS.
3. Also, I shall not bring from my former workplace any intellectual properties including documents and confidential information without the prior approval of my former employer in order to perform my work for NICS. I shall not bring or use the same in the future either, and shall not divulge any confidential business information acquired at my former workplace.
4. In the event that I breach any of the above provisions, I hereby confirm that I will accept the relevant punishment in accordance with the related laws and regulations.
