

Pledge for Security

I, the undersigned who is about to retire from NASS, shall take an oath to observe the following contents.

1. Rights and obligations relating to intellectual property rights

1.1 I hereby confirm as belonging to NASS all rights to intellectual property rights (patents, utility models, designs, trademarks, copyrights, computer programs, and so forth; hereinafter referred to as intellectual property rights).

1.2 Also, I shall take an oath to obtain NASS's prior approval in the event that I decide within two years of my retirement from NASS to file (report) a patent application for intellectual property rights to work created or generated by me during my employment with NASS.

2. Security for technical information and confidential information

2.1 I hereby take an oath that I shall not divulge to any third party any confidential information acquired directly or indirectly while working for NASS, even after retiring from NASS, without the prior approval of NASS.

2.2 Also, I hereby take an oath that after retiring from NASS I shall not possess or divulge any designs, blueprints, research data, technical information, manuals, reports, and other contents relating to work undertaken at NASS without the prior approval of NASS.

3. Observation of the related regulations

3.1 Even after retiring from NASS, I shall observe the confidentiality obligation and the ban on divulging technical information specified in the provisions in the Annex; and, in the event of my breaching such provisions, I shall accept the relevant punishment in accordance with the related laws and regulations.
