

☐ Domestic ☒ Overseas	Material Transfer Agreement
The Rural Development Administration(RDA) or National Institute of Agricultural Sciences(NAS) or National Institute of Animal Science(NIAS) provides germplasm accessions and related information as listed in the attached shipment list with the understanding of the following terms and conditions:	
1. The distributed materials shall be used for research purposes only, which include breeding and education as indicated in the submitted request form.	
2. The materials distributed by the Genebank under this agreement are and will remain the property of the Genebank. No other rights or license is granted or implied herewith.	
3. The recipient shall agree with the Director of Genebank prior to applying for any Intellectual Property Rights, such as patents, related to the use of any received materials.	
4. Upon any publications, it should be acknowledged in the said publication that the materials were obtained from the Genebank. A copy of the published paper should be sent to Genebank.	
5. The materials shall not be provided, transferred, released or distributed to any third party.	
6. The recipient should inform to the Director of Genebank in advance any changes in the contents indicated on the submitted request form.	
7. The final utilization report obtained from the use of the materials shall be submitted to the Director of Genebank, soon after the proposed term of the research is over.	
8. The Genebank makes no warranties as to the safety or title of materials, nor as to the accuracy or correctness of any data provided with the materials. Neither does it make any warranties as to the quality, validity or genetic purity of the materials being furnished. Recipient shall not hold the Genebank liable for any loss, claim, damage, illness, or injury to person or property whatever the cause may be arising out of or pertaining to recipient's use of the materials. Recipients assume full responsibility for complying with the recipient nation's quarantine and biosafety regulations and rules as to import or release of genetic material.	
9. The recipient shall try to strengthen research links with the Genebank in	

the field of the conservation and the use of materials.

Please sign two copies of this MTA and return one promptly to the following address to obtain future shipments:
