## ADDITIONAL INFORMATION ON THE GENETICALLY MODIFIED ORGANISM

Date: . . .

To KOREAN AGRICULTURAL CULTURE COLLECTION

|                                                                    |  |       |  |
|--------------------------------------------------------------------|--|-------|--|
| <b>I. IDENTIFICATION OF THE GENETICALLY MODIFIED MICROORGANISM</b> |  |       |  |
| Identification reference                                           |  |       |  |
| <b>II. DATA CONCERNING THE INSERTED DNA</b>                        |  |       |  |
| Designation                                                        |  |       |  |
| Function                                                           |  |       |  |
| <b>III. DATA CONCERNING THE DONOR ORGANISM</b>                     |  |       |  |
| Designation (Scientific name)                                      |  |       |  |
| Safety level <sup>1</sup>                                          |  |       |  |
| <b>IV. DATA CONCERNING THE HOST ORGANISM</b>                       |  |       |  |
| Designation (Scientific name)                                      |  |       |  |
| Safety level <sup>1</sup>                                          |  |       |  |
| <b>V. DEPOSITOR OR AUTHORIZED PARTY</b>                            |  |       |  |
| Name                                                               |  | Phone |  |
| E-mail                                                             |  |       |  |
| Address                                                            |  |       |  |
| <b>VI. ANY OTHER RELEVANT INFORMATION</b>                          |  |       |  |
|                                                                    |  |       |  |

<sup>1</sup> The safety level of the microorganism shall be based on the Guideline for Genetic Engineering, the administrative rule of Republic of Korea.
