

[별표 2]

화학물질 배출량 조사대상 화학물질 (제5조제1항 관련)

[ I 그룹 - 취급량 1톤/년 이상인 배출량 조사대상 화학물질 ]

| 번호 | CAS No.     | 화학물질명                     |                                            | 조사대상범위<br>[무게함유율(%)] |
|----|-------------|---------------------------|--------------------------------------------|----------------------|
|    |             | 한글명                       | 영문명                                        |                      |
| 1  | 000050-00-0 | 포름알데히드                    | Formaldehyde                               | 0.1 이상               |
| 2  | 000056-53-1 | 디에틸stil베스테롤               | Diethylstilbesterol                        | 0.1 이상               |
| 3  | 000071-43-2 | 벤젠                        | Benzene                                    | 0.1 이상               |
| 4  | 000075-01-4 | 염화 비닐                     | Vinyl chloride                             | 0.1 이상               |
| 5  | 000075-21-8 | 산화 에틸렌                    | Ethylene oxide                             | 0.1 이상               |
| 6  | 000079-01-6 | 트리클로로에틸렌                  | Trichloroethylene                          | 0.1 이상               |
| 7  | 000095-53-4 | o-톨루이딘                    | o-Toluidine                                | 0.1 이상               |
| 8  | 000101-14-4 | 3,3'-디클로로-4,4'-디아미노디페닐 메탄 | 3,3'-Dichloro-4,4'-diaminodiphenyl methane | 0.1 이상               |
| 9  | 000106-99-0 | 1,3-부타디엔                  | 1,3-Butadiene                              | 0.1 이상               |
| 10 | 000107-30-2 | 클로로메틸 메틸 에테르              | Chloromethyl methyl ether                  | 0.1 이상               |
| 11 | 000193-39-5 | 인데노[1,2,3-cd]피렌           | Indeno[1,2,3-cd]pyrene                     | 0.1 이상               |
| 12 | 000298-81-7 | 8-메톡시-6,7-푸라노쿠마린          | 8-Methoxy-6,7-furanocoumarin               | 0.1 이상               |
| 13 | 001332-21-4 | 석면                        | Asbestos                                   | 0.1 이상               |
| 14 | NA-(주1)     | 납 및 그 화합물                 | Lead and its compounds                     | 0.1 이상               |
| 15 | NA-(주2)     | 수은 및 그 화합물                | Mercury and its compounds                  | 1.0 이상               |
| 16 | NA-(주3)     | 니켈 및 그 화합물                | Nickel and its compounds                   | 0.1 이상               |
| 17 | NA-(주4)     | 비소 및 그 화합물                | Arsenic and its compounds                  | 0.1 이상               |
| 18 | NA-(주5)     | 베릴륨 및 그 화합물               | Beryllium and its compounds                | 0.1 이상               |
| 19 | NA-(주6)     | 카드뮴 및 그 화합물               | Cadmium and its compounds                  | 0.1 이상               |
| 20 | NA-(주7)     | 크롬 및 그 화합물                | Chromium and its compounds                 | 0.1 이상               |

(주1)Lead and its compounds(납 및 그 화합물)에 해당하는 주요 화학물질 종류는 아래 표와 같으며, 표에 나열되지 아니한 납화합물도 조사대상 화학물질의 종류에 해당됨

| 물질군명                   | CAS No      | 화학물질명                                                      |
|------------------------|-------------|------------------------------------------------------------|
| Lead and its compounds | 000301-04-2 | Lead acetate                                               |
|                        | 000301-08-6 | Lead 2-ethylhexanoate ; 2-Ethylhexanoic acid lead(2+) salt |
|                        | 000546-67-8 | Lead tetraacetate                                          |
|                        | 000592-05-2 | Lead dicyanide                                             |
|                        | 000592-87-0 | Lead dithiocyanate                                         |
|                        | 000598-63-0 | Lead carbonate (PbC2O4)                                    |
|                        | 001072-35-1 | Octadecanoic acid lead(2+) salt ; Lead stearate            |
|                        | 001309-60-0 | Lead dioxide                                               |
|                        | 001314-27-8 | Lead oxide (Pb2O3)                                         |
|                        | 001314-41-6 | Orange lead                                                |
|                        | 001314-87-0 | Lead sulfide                                               |
|                        | 001317-36-8 | Lead monoxide                                              |
|                        | 001319-46-6 | Trilead bis(carbonate) dihydroxide                         |
|                        | 001344-36-1 | Lead subcarbonate                                          |
|                        | 001344-40-7 | Lead oxide phosphonate (Pb3O2(HPO3)), hemihydrate          |
|                        | 006080-56-4 | Lead diacetate trihydrate ; Lead acetate trihydrate        |
|                        | 006838-85-3 | Dibasic lead phthalate                                     |
|                        | 007428-48-0 | Octadecanoic acid lead salt ; Stearic acid lead salt       |
|                        | 007439-92-1 | Lead                                                       |
|                        | 007446-10-8 | Lead sulfite (PbSO3)                                       |
|                        | 007446-14-2 | Lead sulfate (PbSO4)                                       |
|                        | 007758-95-4 | Lead dichloride                                            |
|                        | 007758-97-6 | Lead chromate (PbC2O4)                                     |
|                        | 007783-46-2 | Lead fluoride                                              |
|                        | 010099-74-8 | Lead dinitrate                                             |
|                        | 010099-76-0 | Lead(2+) silicate                                          |
|                        | 010190-55-3 | Lead molybdate (PbMoO4)                                    |
|                        | 011119-70-3 | Lead chromate                                              |
|                        | 011120-22-2 | Silicic acid lead salt                                     |
|                        | 012036-31-6 | Lead tin oxide (PbSnO3)                                    |
|                        | 012036-76-9 | Lead sulfate, basic                                        |
|                        | 012059-89-1 | Dilead oxide                                               |
|                        | 012060-00-3 | Lead titanium trioxide                                     |
|                        | 012141-20-7 | Lead oxide phosphonate (Pb3O2(HPO3))                       |
|                        | 012202-17-4 | Lead oxide sulfate (Pb4O3(SO4))                            |
|                        | 012608-25-2 | Basic lead sulfite                                         |
|                        | 012765-51-4 | Lead oxide sulfate                                         |
|                        | 013814-96-5 | Lead bis(tetrafluoroborate)                                |
|                        | 015347-57-6 | Lead acetate                                               |
|                        | 015696-43-2 | Lead octoate                                               |
|                        | 015739-80-7 | sulphuric acid, lead salt                                  |
|                        | 016038-76-9 | Lead phosphite                                             |

| 물질군명                   | CAS No      | 화학물질명                                                                                                                                                                                                                                                          |
|------------------------|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
